President Patricio Aylwin Azocar
Office of the President
Palacio De La Moneda
Santiago, Chile

Dear President Azocar,

Each day our world becomes smaller, and businesses of every type, in every nation, need help in expanding their sphere of business influence, globally. They need a facility that enables them to get things done. To *start* and *finish* the deal, bypassing the pitfalls and delays of establishing such a powerful capability on their own.

The International Business Service Alliance (IBSA), was established with that vision, mission, and should be part of the compliment of services you provide to, in and out of country businesses alike. Our vast network of member contacts and networking ability, is ready and waiting to be *the* focal point in bringing more business to you.

I encourage you to read through the enclosed brochure, complete the application for membership, and mail it to us today.

A world of opportunity awaits your decision and we would like very much to do business in Chile.

Sincerely,

JoAnna Rogers
Assistant to CEO
