Dear Mr. President,

As you know, 1992 marks the 500th anniversary of the arrival of the Europeans on the continent, an auspicious time to express our concerns regarding the unresolved human rights violations against indigenous peoples.

We are particularly concerned with the extrajudicial execution of Nelson Wladimiro Curinir Lincoqueo, and strongly urge you to investigate his killing so that those responsible for his death will be brought to justice.

We agree with Amnesty International that investigations such as this must happen in order to send a strong message throughout Chile that human rights violations will not be tolerated under any circumstances. We believe that the 1978 amnesty law constitutes an obstacle to clarifying past abuses as well as preventing their recurrence and urge that you repeal this law immediately.
