ECONOMIC
FORUM

I am very happy to provide you with this complimentary copy of the 1992 World Competitiveness Report, published jointly by IMD (International Institute for Management Development) and the World Economic Forum.

The report is recognized as the most authoritative and wide-ranging study on the subject by the international business community, government leaders and the media. This year Pakistan, South Africa and Venezuela are included for the first time, as well as the economy of unified Germany.

With kind regards,
