Dear Sir

I understand that the President of your country is seeking to acquire a suitable Presidential aircraft.

Magnum Aviation are offering for sale two Boeing 727-100 Executive aircraft which we feel would fulfil this role. I am including brochures which illustrate both these aircraft.

Serial number 18371 is currently owned by Royal Brunei Executive and is utilised to transport members of the Brunei Royal family.

Serial number 19392 is currently owned by MGM Grand Air and is utilised to provide a first class service between New York and Los Angeles.

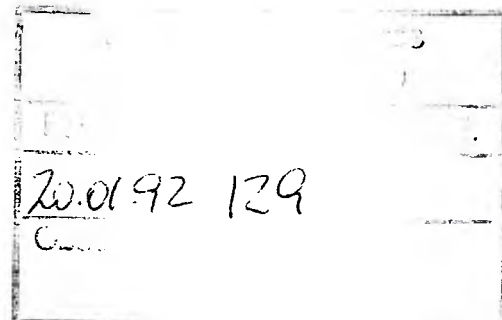

As you can see both aircraft are in immaculate condition, they are both fitted with long range fuel tanks providing a range of some three thousand nautical miles.

I would be grateful if you could pass this offer to your President for his consideration and should you require additional information or brochures please do not hesitate to contact me.

Yours faithfully
