Dear Mr. President,

As a member of the Amnesty International Club at my college, I am always concerned about the violation of human rights. I am especially concerned with the unresolved human rights violations against indigenous peoples, including the case of Nelson Wladimiro Curinir Lincqueo. I am also deeply concerned about the execution of Nelson Wladimiro Curinir Lincqueo, in 1973.

Thank you for hearing my concerns.

Sincerely,  
Robin E. Canada
