## 周易感應陣 簡介

周易感應陣是薛紀峰先生在中國鄭州北機務段的支持下和其師友、助手們共同挖掘、整理、

研製出的一項古老而新穎的易學應用技術工程。它醫易合參、佛道雙脩、身心互益、天人共振，具有人爲地感應萬物的功能。

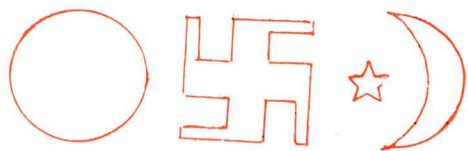

在薛氏感應學說看來，任何兩者之間、任何事物之間、任何現象之間、部分和全體之間都是“場”，並且本能地相互爲陣、相互包容、相互全息、相互感應。而一切都是特定的陣感應下的“場效應”。在這陣與陣、場與場、陣與場的分化、融通、轉變、調整的一定層次上，對其輸入甚麼意念，便會感應出甚麼效果。循此而進，便是“感而遂通天下”（《周易·繫辭》）的、盜取日月之潛能以安排榮辱勝負、壽夭禍福、貴賤貧富、醜俊愚聰……探測宇宙、諸教合

一、諸學合一、人天合一、萬法合一的易陣感應。

因此，作為高科技和普羅米脩斯的後起，薛氏易陣取之不盡、用之無窮。可顯可隱地、因地制宜地用之於任何地方，包括建築、園林、住宅、別墅、機關、企業、農商、療養院等行業中，以使其在一定範圍內掌握自己和他人，或祛除痛苦、病邪和障礙，賦予健康、長壽和功名——而這些只需要改動方案、設施或地形。

這是哲學、科學、功德、宗教和特異功能的融合，是理、數、象、占、方術、潛能的集中，是求實務本、繼往開來、蔭福子孫、大智徹悟的臺階，是趨吉避凶的科技革命、能源革命、生態平衡、嶄新市場的火種。

## ZHOUYI INDUCTIVE ARRAY

The Zhouyi Inductive Array is taped, sifted and developed by Mr. XUE JIFENG with his teachers, friends and assistants together

under the supports of Zhengzhou Northern Maintenance Section. It is an applied subjective technology of YI Theory, combined Buddhism with Taoism, mutually benefited to the body and mind, resonated person and heaven together. It has the functions of artificially inducting all things on the world.

In view of XUE's Inductive Theory between any twos, anythings any appearances, parts with the whole, all these exist "fields" the fields and arrays can become, contain, be holographic and induct each other. All these are "Fields Intented Effects" under special arrays inductions. Here, the array with array, the field with field and array with field all these can be divided, fused, transformed and adjusted. At the some gradations of above states we can get the relevant inductions what are inputted. By this way YI theory can inducted through the world. We can get the latent energies of sun and moon so that to arrange YI Inductive Arrays of honor or disgrace, victory or defeat, longevity or death, misfortune or felicity, noble or humble, poor or rich, ugly or pretty, foolish or clever, exploring space, religions cooperating, schools uniting, combi-

ning human with heaven, and connecting all the larws as one.

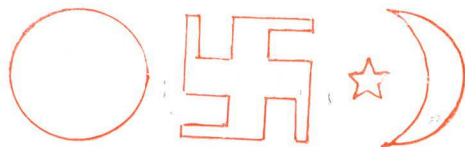

Therefore, the XUE's YI Array as an advanced science and technology and the new arrival of Prometheus, is inexhaustible, visible and invisible. It can be used for the conditions in anywhere, such as structures, gardens, residences, villas, organs, enterprises, farms, business and sanatriums. It can be used to all trads, professions and real life so to grasp oneself and others, or to drive out fret, illness and obstracles, or to vst with health, longlife and successes. All above matters will be realized only need changing the desings, instalations or terrains.

The "Zhouyi Inductive Array" is a blend of philosophy, sciences, merits and vertures, religions and peculiar functions. It is the concentration of principles, methematics, celestial phenomena, astrology and latent energy. It is the step of being realistic and essential, carrying on the past and opening a way for the future, promoting the well-being of generations, and great wisdom with complete realization. It is the seeds of revolntion for science and technology, of energy revolution, of trending to well and avoiding ill, of ecological balance, and of developing the new markets.

If who want to spread, support, research, use, consult and exchange this technology or other relative informations please connect with Mr. XUE JIFENG
