

THE SECRETARY OF COMMERCE
Washington, D.C. 20230

His Excellency
Patricio Aylwin
President of Chile
The Presidential Palace (La Moneda)
Santiago, Chile

Dear Mr. President:

It was a great pleasure for me, and the members of the Business Development Mission, to meet with you during our recent visit to Chile.

During our meetings with members of your cabinet and with the Chilean private sector, we were impressed by the strong interest in expanding our trade relations.

President Bush's recent announcement of new U.S. initiatives to encourage growth in Latin America clearly reflects the importance my Government assigns to its relations with Latin America. I hope our mission will be just the first of many efforts we undertake to develop commercial opportunities for both our countries.

Sincerely,

Robert A. Mosbacher
