We in Amnesty International welcome your decision to ~~commute~~ **ARCH** ✓ the death
sentences of Mauro González Quispe, René Larico Aquilar and Cristóbal
Fausto Mamani Morales.

We got very concerned when we learned about that Rafael
Escorza Henríquez has been sentenced to death. As we know
that you tried to abolish the death penalty, we would now
like to respectfully request you to exercise your power of
clemency to commute his death sentence. We are
in total opposition to the death penalty, and call for
the total abolition of the death penalty in Chile. An abolition
would ensure long-term respect for the human rights of all
peoples, regardless of nationality, which the death penalty
clearly violates.

I am deeply grateful for your kindness in attending to
this letter and look forward to the honor of a response.

Yours Respectfully.

Your Excellency.

I am writing as a member of Amnesty International with concern about your country's death penalty. I have learned that you recently commuted the death sentences against Mauro González Quiroga, René Larín Aguilar and Lisbert Fausto Mamani Morales. I would like to express my appreciation for these actions. It is refreshing that you share Amnesty International's opposition to the death penalty.

Your opposition to the death penalty is the first step in eliminating this great plague of human rights. I sincerely hope that you will work vigorously towards a Chile free of capital punishment. I believe this would ensure future respect for the human rights of all people.

There is, however, another matter I would like to bring to your attention. The case of Juan Domingo Salvo Zúñiga, who has been sentenced to death and is now under consideration, should be reviewed by you. I hope you will use the power of your office to commute his death sentence.

No government should permit the life of another to be taken away with its blessing. I am thankful that you agree with us on this matter and I urge you to act quickly to ensure the lives of Juan Domingo Salvo Zúñiga and Rafael Escorza Henríquez will be spared.

Sincerely
Daniel Fisher
