

MIGUEL ALEMAN V.  
SPECIAL MISSION AMBASSADOR  
FOR MEXICO

90-9673-4-7

May 23, 1990

Anch. S/C

To His Excellency, Mr. Patricio Aylwin  
President of the Republic of Chile  
Palacio La Moneda  
Santiago, Chile

Dear Mr. Aylwin:

Mexico City will proudly serve as host for the international celebration, June 5, 1990 of the United Nations' World Environment Day (WED). The program of activities is committed to the theme of building "a better planet for children".

President Salinas de Gortari has honored me with the Presidency of the Organizing Committee. One of the inspirational WED projects being planned is the "Time Capsule of Hope" which will contain environmental messages from world leaders, scientists, artists, environmentalist, and children.

It is my privilege to invite you to prepare a personal message for the capsule to help us link now and future generations in the environmental cause. Your hope for participation will lend great distinction and importance to this undertaking.

We believe the Time Capsule will come to symbolize international cooperation and our collective efforts to improve the environmental conditions of our planet and to leave behind a "healthy" earth for future generations.

We need to receive your message by May 30. Please send it to fax number (905) 557-7452 to the attention of Gaston Melo or to the following mailing address:

Gaston Melo  
DIA MUNDIAL DEL MEDIO AMBIENTE  
Homero 1933 - 2  
Polanco  
Mexico, D.F. Mexico

Awaiting your reply. With appreciation and best regards.

Miguel Aleman  
President  
Organizing Committee  
World Environment Day
