October 29 1992

Your Excellency,

We are a group of Canadian educators, and we wish to express our deep concern over the extrajudicial killing of **NELSON WLADIMIR CURINIR LINCOQUEO** that occurred in 1973.

Nelson was a 22-year-old student at the time of his killing. His death was denied by officials and it was not until 1990 that his body was discovered and his family learned that he had been shot in the back of the head.

We welcome the investigations into his killing and we sincerely hope that those responsible will be brought to justice. We are concerned however, that all human rights violations committed in Chile must be investigated to prevent such atrocities from ever recurring.

We believe that the Amnesty Law of 1978 still constitutes an obstacle to clarifying past abuses. If justice is to be done in Chile this law must be repealed.

We look forward to hearing from you about this serious matter.

Yours respectfully,
